

MIXERS, PUMPS, & GLAZE TABLES

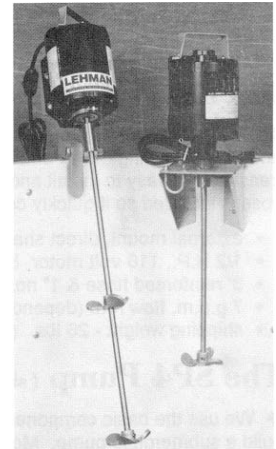

LEHMAN MIXERS AND PUMPS

OPT: **\$375.00**
 The half horse motor bolts over the dowel rods on models like T-100 having the drain top design. The shaft is 24" stainless steel with 4" cast aluminum prop NO RUSTING!

COM: **\$535.00**
 Comes with 30" shaft and two 4" props. Adjustable swivel permits installing at many angles with C-clamp type bracket. 1-1/2 h.p.

EX4: **\$405.00**
 The choice for an economical, external mount pump. An excellent buy for hobby application. This will not hold up under continual use in a commercial setting.

Need larger, heavier equipment such as pumps, casting tables, slip tanks? We are happy to quote on any casting needs that you may have.
