

MIXING / RECLAIMING EQUIPMENT

MIGHTY MITE MIXER:	Ten gallon reclaimer. 4" prop powered by a 1/3 h.p. motor. Compact- only 8" wide x 18" long and 20" to top of tank.	\$430.00
BR 6 MIXER:	Similar to the Mighty Mite but fits on a six gallon bucket. Top handle so mixer assembly can be moved easily	\$375.00
CASTER BASE:	Fits BR 6 for mobility without lifting.	\$60.00

Slip mixing is the most critical step in the production of your finished ware It is best NOT done in a casting table. Slip is far better when mixed with a very specific vortex action as provided by the mixers listed below.

MODEL 30B:	Thirty gallon plastic tub with two part lid for easy loading. Half horse motor, stainless shaft, and aluminum prop included.	\$675.00
MODEL 30B/Base:	30B with optional base included.	\$795.00

The following five models are for commercial application.
For net prices, freight, lead time, or other questions, just contact us at Aardvark. 220/230 v. single and three phase motors.
