SAFETY DATA SHEET
Black Iron Oxide (Group III)

1. Identification

Product identifier
Product name Black Iron Oxide (Group III)
Product number XB5599, XB5799

Recommended use of the chemical and restrictions on use
Application Industrial color

Details of the supplier of the safety data sheet
Supplier Huntsman Pigments Americas LLC
P.O. Box 4980
The Woodlands, TX 77387
+1 301 210 3400 / +1 323 269 7311
MSDS@huntsman.com

Emergency telephone number
Emergency telephone CHEMTREC: (800) 424-9300 (Contract number: 191118)

2. Hazard(s) Identification

Classification of the substance or mixture
Physical hazards Self-heat. 2 - H252
Health hazards Not Classified
Environmental hazards Not Classified

Label elements
Pictogram

Signal word Warning

Hazard statements H252 Self-heating in large quantities; may catch fire.

Precautionary statements P235+P410 Keep cool. Protect from sunlight.
P280 Wear protective gloves/protective clothing/eye protection/face protection.
P407 Maintain air gap between stacks/pallets.
P413 Store bulk masses greater than kg/lbs at temperatures not exceeding °C/°F.
P420 Store away from other materials.

Other hazards
NOT CLASSIFIED Self-heating in packages up to 450 liters capacity.
# Black Iron Oxide (Group III)

## 3. Composition/Information on ingredients

## 4. First-aid measures

**Description of first aid measures**

<table>
<thead>
<tr>
<th>Description</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Inhalation</strong></td>
<td>If exposed to excessive levels of dust or fumes, remove to fresh air. Get medical attention if cough or other symptoms develop.</td>
</tr>
<tr>
<td><strong>Ingestion</strong></td>
<td>Rinse mouth thoroughly with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed by medical personnel. Get medical attention if symptoms occur.</td>
</tr>
<tr>
<td><strong>Skin Contact</strong></td>
<td>Wash with soap and water. Get medical attention if irritation develops or persists.</td>
</tr>
<tr>
<td><strong>Eye contact</strong></td>
<td>Rinse with water. Get medical attention if any discomfort continues.</td>
</tr>
</tbody>
</table>

## 5. Fire-fighting measures

**Extinguishing media**

<table>
<thead>
<tr>
<th>Suitable extinguishing media</th>
<th>The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. Extinguish with the following media: Water spray, foam, dry powder or carbon dioxide.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Special hazards arising from the substance or mixture</strong></td>
<td></td>
</tr>
<tr>
<td><strong>Flammability Class</strong></td>
<td>No Uniform Fire Code noted.</td>
</tr>
<tr>
<td><strong>Specific hazards</strong></td>
<td>Exposure to heat greater than 55C (130F) may cause this product to oxidize which can generate more heat. This heat may be sufficient to cause the product packaging or nearby combustible materials to ignite. The product may be quenched with water to stop the oxidation.</td>
</tr>
</tbody>
</table>

**Advice for firefighters**

| Special protective equipment for firefighters    | Wear self-contained breathing apparatus as combustion may produce hazardous fumes. |

## 6. Accidental release measures

**Methods and material for containment and cleaning up**
Black Iron Oxide (Group III)

Methods for cleaning up
If dust is generated, use appropriate respiratory protection. Vacuum or sweep up material and place in a disposal container. Avoid generation and spreading of dust. Large spillages: Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Collect and place in suitable waste disposal containers and seal securely. Label the containers containing waste and contaminated materials and remove from the area as soon as possible. Flush contaminated area with plenty of water. Avoid runoff into storm sewers and ditches which lead to waterways.

7. Handling and storage

Precautions for safe handling
Usage precautions Minimize dust generation and accumulation. Do not breathe dust. Avoid contact with skin and eyes. Wash contaminated skin thoroughly after handling.

Conditions for safe storage, including any incompatibilities
Storage precautions Store at temperatures not exceeding 55°C/130°F. Store dry at ambient temperature away from food and beverages, excessive heat or flame sources (furnace, kilns, boilers etc.). Store away from substances subject to catalytic decomposition by dust, e.g. peroxides

8. Exposure Controls/personal protection

Control parameters
Occupational exposure limits
Although no exposure limit has been established by OSHA for this product, the limit for nuisance particulates should be followed: OSHA 8-hr TWA 10mg/m³ Total Dust 5 mg/m³ respirable dust. ACGIH TLV-TWA 10mg/m³ Total dust or 5mg/m³ respirable dust.

Ingredient comments
Although no exposure limit has been established by OSHA for this product, the limit for nuisance particulates should be followed: OSHA 8-hr TWA 10mg/m³ Total Dust 5 mg/m³ respirable dust. ACGIH TLV-TWA 10mg/m³ Total dust or 5mg/m³ respirable dust.

9. Physical and Chemical Properties

Information on basic physical and chemical properties
Appearance Dusty powder.
Color Black.
Odor Odorless.
PH pH (diluted solution): 6-10 @ 10% suspension
Melting point > 1000 deg C / 1832 deg F
Solubility(ies) Insoluble in water.
Decomposition Temperature > 55°C
Volatile organic compound None.

10. Stability and reactivity

Stability Exposure to heat greater than 55C (130F) can cause this product to slowly auto-oxidize, which generates additional heat. Under certain circumstances, this heat may be sufficient to cause the bag or combustible materials stored nearby to ignite. Once oxidized, the material will be a brown ferric oxide (Fe₂O₃).
Black Iron Oxide (Group III)

Materials to avoid

Substances subject to catalytic decomposition caused by dust such as peroxides. Further avoid contact with aluminum dust, calcium hypochlorite, hydrazine, ethylene oxide, caesium carbide.

11. Toxicological information

Information on toxicological effects

Toxicological effects

From literature surveys undertaken re Iron oxides:
LD50: > 5000 mg/kg, oral, rat
Eyes: Non-irritant, rabbit
Skin (24 hrs): Non-irritant, rabbit

Other health effects

This substance is not classifiable as a human carcinogen.

Inhalation

Frequent inhalation of dust over a long period of time increases the risk of developing lung diseases.

Ingestion

No harmful effects expected from quantities likely to be ingested by accident.

Skin Contact

Substance may cause slight skin irritation.

Eye contact

May cause slight irritation.

12. Ecological Information

Ecotoxicity

The product is not expected to be hazardous to the environment.

Persistence and degradability

The product is not readily biodegradable.

Bioaccumulative potential

Bio-accumulative Potential

Bioaccumulation is unlikely to be significant because of the low water-solubility of this product.

Mobility in soil

Mobility

The product is insoluble in water.

Results of PBT and vPvB assessment

Results of PBT and vPvB assessment

This product does not contain any substances classified as PBT or vPvB.

Other adverse effects

None known.

13. Disposal considerations

Waste treatment methods

General information

Disposal of this product, process solutions, residues and by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any local authority requirements.

14. Transport information

General

This product is NOT REGULATED when the individual package size is less than 450 liters in volume. OTHERWISE, this product is regulated as follows:

UN Number

UN No. (DOT) 3190
# Black Iron Oxide (Group III)

**UN No. (IMDG)**
3190

**UN No. (ICAO)**
3190

**UN proper shipping name**

**Proper shipping name (DOT)** SELF-HEATING SOLID, INORGANIC, N.O.S.

**Proper shipping name (IMDG)** SELF-HEATING SOLID, INORGANIC, N.O.S.

**Proper shipping name (ICAO)** SELF-HEATING SOLID, INORGANIC, N.O.S.

**Transport hazard class(es)**

**DOT hazard class** 4.2

**DOT hazard label** Spontaneously Combustible

**TDG class** 4.2

**TDG label** 4.2

**IMDG Class** 4.2

**IMDG subsidiary risk**

**ICAO class/division** 4.2

## 15. Regulatory information

**US Federal Regulations**

**SARA Section 302 Extremely Hazardous Substances Tier II Threshold Planning Quantities**
None of the ingredients are listed or exempt.

**CERCLA/Superfund, Hazardous Substances/Reportable Quantities (EPA)**
None of the ingredients are listed or exempt.

**SARA 313 Emission Reporting**
None of the ingredients are listed or exempt.

**CAA Accidental Release Prevention**
None of the ingredients are listed or exempt.

**US State Regulations**

5/7
Black Iron Oxide (Group III)

**State Regulations Comments**
California Prop 65 Warning: This product contains chemicals, as trace impurities and not intentionally added, known to the state of California to cause cancer (C) and birth defects or other reproductive (R) harm.

**California Proposition 65 Carcinogens and Reproductive Toxins**
- **CRYSTALLINE SILICA**
  Known to the State of California to cause cancer.

**Massachusetts "Right To Know" List**
- C.I. Pigment Black 11 (Group III)
  Not listed.
- **CALCIUM CARBONATE**
  Yes.

**Rhode Island "Right To Know" List**
- C.I. Pigment Black 11 (Group III)
  Not listed.
- **CALCIUM CARBONATE**
  Yes.

**Minnesota "Right To Know" List**
- C.I. Pigment Black 11 (Group III)
  Not listed.
- **CALCIUM CARBONATE**
  Yes.

**New Jersey "Right To Know" List**
- C.I. Pigment Black 11 (Group III)
  Not listed.
- **CALCIUM CARBONATE**
  Yes.

**Pennsylvania "Right To Know" List**
- C.I. Pigment Black 11 (Group III)
  Not listed.
- **CALCIUM CARBONATE**
  Yes.

**Inventories**
- **EU - EINECS/ELINCS**
  EINECS
  All the ingredients are listed or exempt.

- **Canada - DSL/NDSL**
  - C.I. Pigment Black 11 (Group III)  
    DSL
  - **CALCIUM CARBONATE**  
    Non Domestic Substance List

- **US - TSCA**
Black Iron Oxide (Group III)

All the ingredients are listed or exempt.

US - TSCA 12(b) Export Notification
No.

Australia - AICS
All the ingredients are listed or exempt.

Japan - MITI
C.I. Pigment Black 11 (Group III)
Yes.
CALCIUM CARBONATE
No.

Korea - KECI
All the ingredients are listed or exempt.

China - IECSC
All the ingredients are listed or exempt.

Philippines – PICCS
All the ingredients are listed or exempt.

New Zealand - NZIOC
All the ingredients are listed or exempt.
